WORKING FOR YOU IN SHIRLEY EAST ALL YEAR ROUND

Local Health Services

Karen is passionate about protecting our local health services and has campaigned to save the Dementia Ward 10 at Solihull Hospital and our valued Walk-in Centre. Our local health services are a valuable local resource and must be protected.

Shirley Regeneration

Karen has always supported the regeneration of Shirley and is working with local businesses to develop an economic plan for Shirley. She works tirelessly in the ward alongside fellow Councillors, Mark Parker and Annette Mackenzie, keeping in touch with community groups, the local police and the Shirley Town Team to promote local events.

Local Community Action

Karen is not afraid to roll up her sleeves and get stuck into local community action projects, such as picking up litter, cutting back overgrown vegetation and planting bulbs to enhance our local environment. She has also helped improve the local street scene by re-painting street signs in the ward.

Local Policing

Our local Police provide a valuable and vital local resource in the Shirley community. Despite the closure of Shirley Police Station, we were delighted that the local Police Community Support Officers are currently being protected. Karen will continue to campaign to ensure this valuable service is maintained.

Parking Scheme

Karen is regularly contacted by residents about problems with parking and speeding traffic. In particular, Karen was able to help residents of Edwardian Close with a parking permit scheme as there were real problems with all day parking by non-residents. This is the first such scheme in Shirley.

A Personal Message from Karen Grinsell

Dear Resident

I am proud to have served the residents of Shirley East for the last four years. I am asking you to place your trust in me again on the 5th May 2016.

I have dealt with many individual cases over that time and always strived to help and improve the situation wherever I can. My work on the Council has always been about putting people, you the residents of Shirley, at the heart of decision making.

I've had the privilege to meet some remarkable people and will continually strive to make a difference wherever I can. I am proud that Shirley East has seen its first Residents Parking Scheme and Solihull's first Street Association set up.

The economic prosperity of Shirley still remains a top priority. The Parkgate development is now 100% occupied and the development plans for the Powergen building well underway, Shirley is firmly on the map!

With fellow ward Councillors Mark Parker and Annette Mackenzie, we have a strong team and work together to maintain and improve the whole of Shirley East, whatever the issue. We've campaigned to save the Dementia Ward at Solihull Hospital, we have taken Centro and Diamond Bus service to task over the inefficient and poor bus service they have been providing for elderly residents, a service that they often rely upon, as well as recently obtaining an assurance from the Police & Crime Commissioner for a further 4 years of continued Community Safety Funding.

Shirley East is a great place to live so let's keep working together to keep it that way. I will continue to work hard to build a cleaner, safer, stronger Shirley!

Yours sincerely

Karen Grinsell
